Dear Mr. Richardson,

On behalf of Ravenscroft School, I extend my sincere appreciation for your outstanding presentation to our Upper School students and parents.

I hope and believe that "It Won't Happen to Me" will have a profound impact on our students while also opening the eyes of our parents. The videos and presentation were appropriately disturbing and helped us all to realize the dangers of distraction our children face as drivers each day.

At Ravenscroft we frequently provide our students with information that encourages them to make good decisions, and we give our parents information about the challenges of raising children at different stages of development. There is a common theme within our offerings, and the "It Won't Happen to Me Program" was a perfect fit.

One of the most powerful parts of this program is that it sparked conversation among our faculty, parents, and students. That, I believe, is an important first step in helping us all to realize that it can, indeed, happen to us.

I strongly recommend this program and hope to have the opportunity to host it again at Ravenscroft in the coming years.

Sincerely,

Doreen C. Kelly
